MUNICIPAL ELECTIONS.

Battle of the Ballots In Various Cities and Towns of Ohio.

HOT CONTESTS FOR MAYOR.

In Cleveland, Columbus and Toledo the Selection of a Chief Executive Is the Bone of Contention. Hanneites Charged.

Cleveland, April 3.—Probably never in the history of this city has there been manifested such general interest in a mayoralty contest as in that being fought out in the municipal election.

Mayor Robert E. McKisson, Republican, is a candidate for re-election. He is opposed by ex-Mayor John H. Farley, Democrat.

The Democrats are united, while the Republicans are divided into two factions—Hanneites and McKissontes. The Hanna Republicans generally, it is believed, are voting for Farley. The leaders on both sides express themselves as being confident of victory.

The weather is clear and cold. Detectives employed by the Democratic committee claim to have positive proof that fully 5,000 floaters were registered this spring. The detectives have already sworn out large numbers of warrants for men whom it is declared registered illegally, and who will be arrested if they attempt to vote.

During the early morning hours the voting was unusually heavy, and it is generally believed the number of ballots cast will be greater than in the last presidential election, breaking all previous records.

A Three Cornered Fight.

Toledo, April 3.—Weather cool, with brilliant sunshine. Voting started briskly the moment the polls opened, and is proceeding quietly all over the city. The interest is intense. The fight is a three-cornered one. Mayor Jones, who has become widely known for his socialist sentiments, was defeated for renomination at the Republican primaries, and is running as an independent, on a platform of city ownership of lighting plant and street railways. The vote will be the heaviest ever polled in the city. Some 200 alleged illegal registrations were discovered on Saturday, and a keen watch is kept. If the accused attempt to vote they will be arrested. Trouble has been feared, but so far all is quiet.

In Cox's Bailiwick.

Cincinnati, April 3.—The weather is cool and cloudy, promising rain before the day closes. Notwithstanding a somewhat wordy warfare in the newspapers before the election, it has been impossible to arouse much general interest in an election where there are practically but two offices for which contests are made. The vote therefore will not be large. There is nothing in the early voting on which to base a prediction.

A Neck and Neck Race.

Zanesville, O., April 3.—With spring-like sunshine, the early hours saw probably the heaviest voting ever known here in the forenoon of a spring election. All interest is centered on the neck and neck mayoralty contest between Mayor Lewis H. Gibson, Democrat, and Louis E. Breisford, Republican. Mayor Gibson is president of the Ohio League of Municipalities.

Black or Swartz?

Columbus, O., April 3.—Activity marked the election here, the ballots being deposited rapidly. The Democrats are confident of the re-election of Mayor Black, claiming that many liberal Republicans will vote for him. The Republicans have worked very hard for the election of their candidate, S. J. Swartz.

Not Heavy Voting.

Dayton, O., April 3.—Bright weather did not stimulate a heavy vote. This is due largely to the fact that only a water works trustee and members of council and board of education are to be voted for.

Light Vote Polled.

Youngstown, O., April 3.—There being no mayoralty election here this spring, interest in the result is not very marked. The indications at 9 a.m. were that a very light vote would be polled.

Republican Gains.

Springfield, O., April 3.—The vote up to noon shows a slight decrease, the loss being mainly in Democratic strongholds. Republicans are confident of carrying the head of the ticket.

To Choose a Senator.

Tallahassee, Fla., April 3.—The general assembly, which meets here, will choose a successor to Senator Samuel Pasco, whose term expired March 4 last. It is believed Senator Pasco will succeed himself, although considerable opposition has been shown to his re-election.

Death of Mr. Waterman.

New York, April 3.—D. A. Waterman, treasurer of the Michigan Central railroad, died at his home in Yonkers. While attending the Easter morning service he was stricken.

"THIS MAN LEE"

Seems to Have Nettled Senator Hanna to a Considerable Degree.

Washington, April 3.—In a note from Thomasville, Ga., Senator Mark Hanna says: "I see in the newspaper reports that one Major Lee has attempted to drag my name into the case by questions which conveyed the impression that I was present at some conference where beef contracts were discussed. I wish to say that I never had anything to do with any army contract, nor even exchanged a word with any official of the war department on that subject. I make this statement in order that it may have the same publicity as was given to the contemptible insinuations of this man Lee."

Mr. Kipling Returns Thanks.

New York, April 3.—The following letter of thanks has been written by Rudyard Kipling: "Will you allow me through your columns to attempt some acknowledgment of the wonderful sympathy, affection and kindness shown towards me during my recent illness, as well as the unfailing courtesy that controlled its expression. I am not strong enough to answer letters in detail, so I must take this means of thanking the countless people of good will throughout the world, who have put me under a debt I can never hope to repay."

Mr. Kipling got out of bed Easter for the first time since his illness. He is well on the way toward complete recovery.

Kentucky Courts Upheld.

Washington, April 3.—The United States supreme court decided the act of 1892 constitutional in the state bank tax cases from Owensboro, Ky., affirming the opinion of the Kentucky court of appeals. The case of the Owensboro National bank versus the city of Owensboro involved other points, and in this case the Kentucky court of appeals was overruled. In the Henderson Badge company and Louisville and Nashville railroad versus the city of Henderson the state law was upheld, and the state court of appeals was affirmed.

Bonds Approved.

Kansas City, April 3.—The bond of Receivers Robert Gilham, E. L. Martin and J. McD. Trimble, appointed for the Kansas City, Pittsburg and Gulf railroad, Saturday night, and fixed at \$25,000 each, was approved by Judge James Gibson. The National Surety company gave the bond. President A. E. Stillwell expressed the opinion that the receivership would not be overturned by the federal courts, an attempt at which it had been stated would be made shortly by eastern interests.

Different Times Suggested.

New York, April 3.—Part of a dispatch from William J. Bryan, received on Saturday by Eugene V. Brewster, but withheld by him until now, reads as follows regarding the double movement for Bryan silver dinners on April 19: "Think the two meetings should be held on different nights, so that all Democrats and workingmen can attend both." The first part of the message is kept back, because it is held by Mr. Brewster to be "purely personal and strictly confidential."

A Turf Romance.

Chicago, April 3.—Romancers of the turf have started a story of a proposed great western race track trust. The plan is to form an incorporation, heavily bonded, to take in all the principal race tracks in the territory over which the turf congress exercises jurisdiction. Every track will have a representative in the directory. The owners of race horses will be compelled to take out a certain amount of the trust's stock before they can race.

Infected With Hop Vermin.

San Francisco, April 3.—Alexander Craw, quarantine officer of the state board of horticulture, has refused to permit the distribution of 152,000 hop plants from Kent, England. The hop plants of Kent county have for years been infected with hop vermin. The imported plants were to have been planted near Hopland and Ukiah.

To Select Land.

Muskogee, I. T., April 3.—The Dawes commission has opened an office here, at which citizens of the Creek nation and Creek freedmen, whose rights to citizens are unquestioned, may select 160 acres of land from the Creek domain under the Curtis act. Judge William M. Springer of the United States court presides.

Blinding Snowstorm.

St. Joseph, Mo., April 3.—Another blinding snowstorm is raging here, with good prospects of blocking street car traffic. There was a light snow Sunday, the first time on Easter for many years.

Death of Mr. Waterman.

New York, April 3.—D. A. Waterman, treasurer of the Michigan Central railroad, died at his home in Yonkers. While attending the Easter morning service he was stricken.

FILIPINOS SICK OF IT.

Followers of Aguinaldo Show Preference For Americans.

RETURNED TO THEIR HOMES

Latest Advices From General Otis Say That From Present Indications the Insurgent Government Is In a Perilous Condition.

Manilla, April 3.—The natives continue returning to their homes. They are coming in all along the American lines and many of them, seeing the promises of good treatment are fulfilled, are inducing their relatives to return to their homes.

General Elwell S. Otis, commander of the American military forces, has received the following message from Admiral Dewey: "Hearty congratulations on the most magnificent work of the army."

The United States Philippine commission, the last member of that body, Colonel Charles B. Denby, former minister to China, having arrived here, will discuss the situation. The commissioners are hopeful of a speedy restoration of peace, believing hostilities will soon be confined to the habitual revolutionists.

Brigadier General Harrison Gray Otis sailed for home on board the United States transport Sherman. He said he believes the insurrection has received its deathblow.

The Sherman will also have on board the sons of Colonel John Hay, secretary of state, and Senator Hale of Maine, who have witnessed much of the fighting with the army, and the bodies of Colonel Harry C. Egbert of the Twenty-second infantry, killed on March 26, and other officers who have recently fallen in battle.

General Wheaton has assumed command of the brigade lately commanded by General Otis. The Third and Twenty-second regiments of General Wheaton's command have returned to this city.

Collapse of Insurgent Government.

Washington, April 3.—The following cablegram was received at the war department from General Otis at Manilla: "Present indications denote insurgent government in perilous condition; its army defeated, discouraged and scattered. In surgeons returning to their homes in cities and villages between here and points north of Malolos, which our reconnoitering parties have reached, and desire protection of Americans. News from Visayan island more encouraging every day."

Bound For Manilla.

New York, April 3.—Light battery F of the Fourth artillery and light battery F of the Fifth artillery left on the West Shore railroad, bound for Manilla, via San Francisco.

More Witnesses Asked For.

Washington, April 3.—The beef inquiry board had no witnesses before it. Lieutenant Lee, who represents Major General Miles, presented an additional list of witnesses for the board to summon, and this list was considered an executive session. The examination of witnesses will be resumed Tuesday. Among those are here ready to testify is Major Daly, who first made the charge that the refrigerated beef had been chemically treated. General Miles will also begiven an opportunity to appear. The board is anxious to close the inquiry at the earliest possible moment, and it is believed they will be able to finish with the testimony this week.

Wages Advanced.

Boston, April 3.—Cotton mills generally in the New England states, operating more than three-fourths of the total number of spindles in the north, began work under an advanced wages schedule, which in nearly all of the mills is about the same as that which existed prior to the general reduction made in the nearly part of 1898, and which it is estimated directly affects from 130,000 to 140,000 hands, employed by more than 120 corporations. The reduction made in 1898 averaged more than 10 per cent.

A Dead Trust.

East Liverpool, O., April 3.—The American Potteries company, the name given to the proposed \$27,000,000 trust, to include the potteries of the United States, is dead. The projectors, it is said, spent \$250,000 in trying to effect an organization, but failed because of over capitalization. They could not persuade investors to buy stock.

Durango, Mexico, April 3.—The great Sierra de Merced mountain of iron adjoining this city has been purchased by C. P. Huntington. The purchase price is placed at \$800,000 in gold. The Mexican International railway is built to the foot of the mountain. It is said extensive steel works will be established here.

Calla, O., April 3.—A. H. McClint has been appointed postmaster here.

ELECTION IN MICHIGAN.

Circuit Judges to Be Chosen in Addition to Local Officers.

Detroit, April 3.—Blue skies and clear crisp air were encouraging features of election day. The morning vote in Detroit was quite heavy for a spring election, and the inspectors were kept busy at most of the voting booths. It was expected that the fine weather will prove a big factor in bringing out the country vote throughout the state. The spring election this year is of more interest than ordinarily, because circuit judges are being chosen throughout the state, in addition to local officers in townships, and in most of the cities. Besides electing a justice of the supreme court and university regents, constitutional amendments are being voted upon for establishment of a state appellate court and a state printing office.

The principal condition concerning the election so far as state officers are concerned has been whether the labor movement against Chief Justice Grant, on account of his anti-boycott decision, would develop sufficient strength to defeat him for re-election to the state supreme bench. The reports from the state indicate that while this movement is more or less strong in the larger cities, it has little effectiveness in the smaller towns.

Friends of Thomas E. Barkorth, the Democratic nominee, assert that a large campaign would have landed their candidate, but admit that the result is now doubtful. It is conceded that the Republican candidates for governors will be elected.

Dispatches from various parts of the state show that local and personal issues are cutting considerable figure in the election of judges.

Outlook in Chicago.

Chicago, April 3.—The city election here promises to be a spirited one and trouble at the polls is expected. The Republicans insist that many names fraudulently registered still remain on the polling lists, and that the Democratic leaders in the first ward will seek by force to crowd their heelers through the polling booths. A large vote is expected to be polled, as the registration is fully as large as during the presidential election in 1896. The Democratic leaders figure a majority of 30,000 for Carter Harrison, the present mayor. On the other hand, the Republicans claim their leader, Z. R. Carter, will be elected by 25,000. Ex-Governor Altgeld, who is running on the free silver platform of the Democratic party in 1896 and municipal ownership of street railways, claims one-half the total vote.

Open Revolution Predicted.

London, April 3.—In connection with the collision between the Bulgarian and Turkish frontier guards at Koszyl-Agob, between Jamboli and Adrianople, a correspondent in Macedonia writes concerning the seething condition in the Balkans. He says: "Grave consequences can not be deferred much longer. The whole province is armed and matters are rapidly drifting into open revolution. The people are drilling for the coming struggle, and the country is virtually in a state of siege. Turkish troops have been pouring into most of the disturbed districts, concentrating chiefly in the north, and reinforcements are arriving daily."

Claim Against Korean Government.

San Francisco, April 3.—According to advices from the Orient, Count Kaiserling, a retired lieutenant commander of the Russian navy, has lodged a claim against the Korean government for 34,000 yen damages for the seizure of one of his whaling vessels, which was captured in waters under the control of a Vladivostock company. It is said that the Russian minister has indorsed the claim.

Greek Cabinet Resigns.

Athens, April 3.—A committee of the chamber of deputies having declared that the election of M. Zaimis, the president of the council of ministers and minister of foreign affairs, was invalid, owing to bribery and intimidation, the cabinet, after the meeting, resigned. The Greek ministry, which has just resigned, was organized on Oct. 3, 1897.

Blizzard in Kansas.

Salina, Kan., April 3.—One of the worst blizzards of the year is in progress. Easter Sunday was an exceedingly warm day. Towards evening the mercury began falling, and now a fierce snowstorm is raging. It will cause much suffering among unsheltered stock.

Grant Scratched.

Grand Rapids, Mich., April 3.—Chief Justice Grant is being cut here, on account of his adverse decision on boycotts, which has been worked hard among dissatisfied furniture workers. The city superior court judgeship is the feature of the local fight.

Will Sell Stamps.

Tallahassee, Fla., April 3.—The general assembly, which meets here, will choose a successor to Senator Samuel Pasco, whose term expired March 4 last. It is believed Senator Pasco will succeed himself, although considerable opposition has been shown to his re-election.

WITH MILITARY HONOR

Will Heroes, Killed in Cuba and Porto Rico, Be Buried.

ORDER OF THE PRESIDENT.

The Remains of the Soldiers Who Fell in Strange Lands Will Be Laid to Rest in Arlington Cemetery.

Washington, April 3.—The president issued the following executive order.

"It is fitting that in behalf of the nation tributes of honor be paid to the memories of the noble men who lost their lives in their country's service during the late war with Spain. It is the more fitting, inasmuch as in consonance with the spirit of our free institutions, and in obedience to the most exalted promptings of patriotism, those who were sent to other shores to do battle for their country's honor under their country's flag, went freely from every quarter of our beloved land.

"Each soldier, each sailor, parting from home ties and putting behind him private interests in the presence of the stern emergency of unsought war with an alien foe, was an individual type of that devotion of the citizen to the state which makes our nation strong in unity and in action.

"Those who died in another land left in many homes the undying memories that attend the heroic dead of all ages. It was fitting that with the advent of peace, won by their sacrifice, their bodies should be gathered with tender care and restored to home and kindred. This has been done with the dead of Cuba and Porto Rico. Those of the Philippines still rest where they fell, watched over by their surviving comrades and crowned with the love of a grateful nation.

"The remains of many brought to our shores have been delivered to their families for private burial. But for others of the brave officers and men who perished there has been reserved interment in ground sacred to the soldiers and sailors amid the tributes of military honor and national mourning they have so well deserved.

"I therefore order: That upon the arrival of the corteges at the National cemetery at Arlington all proper military and naval honors be paid to the dead heroes; that suitable ceremonies shall attend their interment; that the customary salute of mourning be fired at the cemetery, and that on the same day, at 2 p. m. Thursday, the sixth day of April, the national ensign be displayed at half-staff on all public buildings, forts, camps and public

GOOD ADVICE.

Let All Unite Their Efforts in the Movement to Improve the City.

Editor Bulletin: The present Board of Trade is a practical working body having for its purpose openness of action in developing commercial integrity and to stand forth as a unit for the future. There can be no denying the fact that the time has arrived for our business men to do something if they intend to do any business. Jealousy and that detestable penuriousness have been our foes heretofore until so low has run the commercial tide as to expose all its life-giving sources and thus allow a drying up by that hottest sun sloth, of things, methods and push which make flood tides and sweep everything before them. Merchants of Maysville, a few issues now confront you which lie in your hands to place to your weal or woe. Unless you awake to realize the actual need of our trade life you might just as well shut up shop. If there is among you one dealer with energy and liberality don't get jealous and act like a child. If a customer comes into your place of business to buy a bill of goods and should there ask you where to buy certain other articles needed don't pick out one favorite, but name from all who deal in such goods. Practice the commendable thing of speaking favorably of your competitor; allow no slight or slur to be a wedge of entering which soon grows to a breach to sunder and annihilate. Don't think you are the seat of business acumen. Don't hug to your mind the thought you are the father of wisdom. Don't be cajoled by the idea you are the shrewdest and smartest. Don't be afraid to adopt the original methods used by a competitor. Don't be afraid to spend one dollar though you can't see it coming back. Don't be sly with publicity, get before the people with what you sell. Don't allow others to do all the work in inducing customers among us. Don't allow the spider of indolence to weave his web around your business. Don't allow indifference, discourtesy and inability in those whom you employ. Don't do anything which savors of gouging; honest dealing will build up a trade more lasting than the few extra dollars you might get by shady transactions which soon comes to light and loss. Read these and if you don't need them send them to some friend who does.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c. at J. J. Wood & Son's drug store.

Fremont and associates the use of the streets for holding a street fair or merchants' carnival some time in May, with donation of certain licenses. Colonel Fremont explained the matter. Sec. 3. That this ordinance shall not prevent any one from distributing samples of medicine where said medicine is left or placed in the hands of a person or persons of mature years.

Sec. 4. This ordinance shall take effect and be in force from and after its passage and publication.

The Water Committee was directed to confer with the water company and see if arrangements can not be made for filtering the water supply. It was stated that the contract the city holds requires the company to filter the water.

GRAND CARNIVAL.

The Y. M. C. A. Planning for a Splendid Entertainment on the Evening of April 14th.

Maysville people are having all kinds of shows at present—entertainments enough—but the association will present the most striking features of the season in the grand carnival to be given at opera house April 14th.

The committee has been planning for this entertainment for weeks, and now are rapidly concluding all arrangements. Splendid talent has been secured from a distance who will be the leading characters. Fifty or sixty persons will take part.

Every phase of physical culture will be presented. Six men from Cincinnati and Covington have been secured who will do all kinds of fancy and daring tricks on horizontal bars, also fancy tumbling and other gymnastic feats. Miss Martha M. Henry, the most popular soprano of Cincinnati, will appear for first time before a Maysville audience. The Commercial Tribune says of this artist: "Miss Martha M. Henry gave a very fine rendition of Beethoven's 'Ah Perfido,' imparting to it a high degree of dramatic force. The young lady has a beautiful and sympathetic voice of fine quality and large volume. Her expression is musical and intelligent, her enunciation remarkably good."

The violinist, though very young, ranks with the best of the country. The New York Musical Courier says, "No young artist gains a stronger hold upon an audience than Miss Cora Mae Henry. Her great charm is her naturalness, executing complicated selections with as much dexterity as many artists of more advanced age. Her repertoire contains not only the most difficult compositions of old masters, but also the brilliant and highly pleasing melodies. Miss Henry studied under Signor Campanari, now of London, and Pier A. Tirindelli, late director of Venice Conservatoire."

Miss Hayes, of Hayswood, with her classes of young ladies and little Misses will furnish several new and pleasing drills.

MOSE DAULTON & Bro., of the Phoenix livery, sale and boarding stables, have added to their all-ready most complete line of vehicles four rubber-tired buggies, all of the very best make, including one from the H. A. Moyer's celebrated works of Syracuse, N. Y., and one from the Tracy Buggy Co., also a very handsome ladies' whitechapel phaeton, rubber-tired from the same firm, and one Dewey cut-under trap from the Columbus Co., one French landau from the Riddle Coach and Hearse Co., also rubber-tired, and last, but not least, an 1899 carriage, a "Dictator." The "Dictator" is a compromise between a barouche, a surrey and a trap, has large roomy seats, extra heavy backs, new combination of lines, elegant in style, with new ideas in the outlines of both front and back seats; same finish and trimmings as the finest landaus. Greatly improved for 1899 with an especially rich canopy top and rubber tires. With top off it is a very handsome carriage for evenings.

Rev. J. M. Evans returned from Shawan last night where he conducted a most successful series of meetings. The congregations were large, the whole community interested. There were thirty-four additions to the church.

TWO ELECTIONS

At the Annual Meeting of the Lexington Turnpike Company.

Concerted Plan to Dethrone Col. Baldwin, the "Turnpike King"—Courts Will Have to Settle the Trouble.

Owing to the late hour at which the annual meeting of the stockholders of the Maysville and Lexington Turnpike Company convened Monday morning only a brief account of the proceedings could be given in yesterday's issue of the BULLETIN.

There was a concerted effort on the part of certain stockholders to dethrone Col. W. W. Baldwin, the "Turnpike King," and oust him from the management of the great thoroughfare.

Both factions are claiming a victory, and the courts will most probably be called upon at once to settle the matter.

State Inspector and Examiner C. W. Lester, as stated in Monday's issue, called the meeting to order at 10 o'clock, having first announced that he held the proxy for the State's stock. L. W. Robertson, Esq., as attorney for Col. Baldwin and friends, asked to see Mr. Lester's authority. The latter exhibited his proxy from the State Auditor. It read that "the State Inspector" was authorized to vote the State's stock. Mr. Robertson wanted to know who "the State Inspector" was.

"Well, gentlemen, I came prepared for you," was Judge Lester's reply as he drew from his pockets his commission from Governor Bradley. This settled that point.

Judge Lester then called for nominations for Chairman. Judge F. A. Bullock, of Lexington, was placed in nomination by some one, and Col. Baldwin nominated Captain A. C. Respass.

The vote was taken and resulted in Judge Bullock receiving the vote of about 2,407 shares. Col. Baldwin and his friends declined to vote at this stage of the proceedings. Mr. L. Ed. Pearce, of Lexington, acted as Secretary of the meeting.

For Directors, A. J. Gorham, W. B. Skinner, L. Ed. Pearce, J. D. Wooley and H. C. Swift, of Fayette County, and Dr. J. A. Reed, of Mason, were placed in nomination. The vote was taken by written ballot, and they were declared elected, having received the vote of about

2,107 shares, and no vote being cast against them.

Judge Bullock was the only one placed in nomination for President and after the vote was declared elected.

This completed the proceedings, and after it was announced that the new directors would meet at the Central Hotel at 12 o'clock, the meeting was on motion declared adjourned.

At the meeting at the Central, Mr. Swift, of Lexington, was elected Secretary and Treasurer of the board, and Judge Newell was authorized to see that the Mason County portion of the road is kept in repair.

After the first meeting described above adjourned another meeting was held, at which President W. W. Baldwin presided and at which the election of new officers and directors for ensuing year resulted as follows:

President—W. W. Baldwin.
Secretary and Treasurer—C. B. Pearce, Jr.
Superintendent—W. W. Baldwin.

Directors—C. B. Pearce, Chas. E. Tabb, T. J. Pickett, John Peed, W. W. Baldwin, Jr., Dr. Thos. E. Pickett.

A motion was adopted at this meeting voting Col. Baldwin \$15,000 for extra services the last four years.

Col. Baldwin and his friends claim the first election was not legal, as the requirements of the charter were not complied with as to the manner of voting the stock, and that when these requirements were complied with they had a majority of the votes.

His opponents deny this and say the charter was rigidly adhered to, and that they have the written ballots preserved to show this fact.

As stated above, the courts will have to settle the points in dispute.

MR. CLINTON BRAMEL and Miss Mary Josephine Best, of Orangeburg neighborhood, were married Monday at Cincinnati. The bride spent last week the guest of Miss Mellie Dickson, of East Second street. She is a lovely and most estimable young lady, a daughter of Mrs. Pickett Best, and is a niece of Mrs. R. K. Hoeflich of this city.

The Easter services at St. Patrick's Church were largely attended. At 7:30 a. m. high mass was celebrated, which was the principal service. This was followed by a sermon by Rev. Father Ennis that was impressive and instructive, and was delivered in his usual eloquent and pleasing manner. A special musical program was arranged for the occasion, and the altars, bedecked with natural flowers and with myriads of lighted tapers, presented an enchanting appearance.

MISS MARGARET DORSEY is very ill at her home on West Third street.

The Crowds Are Coming..

The first day at Hechinger's selling-out sale indicates that the people are going to take advantage of it. As unseasonable as the day proved to be, hundreds of customers were compelled to await their turn to be waited on. The efficient force of salesmen handled the crowds nicely and at the wind-up of the day's business it is believed all were waited on satisfactorily.

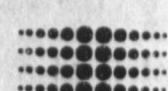

The stock being so large and consisting only of new choice goods, is a guarantee to those who perhaps find it inconvenient to attend the sale at its commencement, that they can rest assured that they will find the correct things no matter when they come.

Naming prices in newspapers gives the reader no idea of values.

Compare Hechinger & Co.'s goods with those of other houses at home or abroad and you will quickly see what this sale means to you.

A lazy liver may be only a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary man or a starving man because he lags in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety-nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quickly your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretion of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.
